

# Art Alliance of Greensboro

## Pottery Supply list

Students are required to *provide their own pottery tools for classes*. Below is a photo of the recommended tools. They can be purchased at local art supply stores, often with a coupon. More supplies can be found at ceramic stores.

Art Alliance requests that students bring a **towel**, **small bucket**, and **shirt or apron** to keep your clothes clean.

Pottery that has been taken to the kiln room for bisque and glaze firing may be picked up during class time or by contacting the office for time of pickup. The kiln room is kept locked at all times. It is important that you claim your work promptly to keep the kiln room ready for new work and to ensure that you get your work back easily.

Please let us know if you have questions. We are glad that you can join us for a class in pottery!
